

## BUSY WEEK ON PLATEAU OF STATES

Three Buildings Will Be Formally Opened With Special Ceremonies.

### MONTANA DEDICATION TO-DAY.

Kentuckians Headed by Governor Beckham Coming on Special Trains for Services at Blue Grass Pavilion.

The Plateau of States will be the busiest part of the World's Fair grounds from this morning until Saturday night. Four State days, each of which will bring large and representative delegations from their respective States, and receptions innumerable are on the programme for the week.

Montana starts with the dedication of the splendid State building on Constitution avenue. The ceremonies will begin at 2 o'clock this afternoon, and many Montana residents are in the city for the event. Governor Toole is unable to be present, and is represented by Judge George R. Milburn, of the Montana Supreme Court. Detained by illness, Lee Manly, president of the Montana Commission, will not be here.

The programme for the dedicatory ceremonies is as follows:

Musical invocation by the Right Reverend Bishop Daniel A. Tuttle, of Missouri, formerly of Montana; presentation address by Martin Magnus, vice president Montana State Commission; address by David R. Francis, President Louisiana Purchase Exposition; music by the St. Louis Municipal Orchestra; address by Governor Toole, representing the Governor of the State; address by Thomas E. Carter, chairman National Commission; "The Star-Spanked Banner" by the band and chorus.

Following the exercises a general reception will begin at which members of the Montana Commission and their ladies will receive the general public. The delegation of thirty-two young women, representing the counties of Montana, will be present at the dedication.

Kentuckians in special trains will arrive to-day for the Blue Grass dedication, which is scheduled for to-morrow. Governor Beckham and his staff occupy private cars in a special train which leaves Louisville to-night. The Commercial Club and members of the Board of Trade of Louisville and prominent men of Kentucky are to be on the train. The Kentucky celebration is to be elaborate, including the reception of the "Home-ward-bound" colors of the battleship "Kentucky," which are to be presented by the Exposition to Governor Beckham and his party. All the military organizations in the parade, which leaves the Administration building at 10 o'clock. The ceremonies at the Kentucky building will begin at 11 o'clock. In the evening a reception will be given by the Kentucky Commission to Governor Beckham and his party and to the Kentucky delegates.

Oregon divides honors with Kentucky to-morrow. The Oregon building is a reproduction of the first building ever erected by a white man on the Pacific Coast, and has been built by the executive department of the Lewis and Clark Exposition. It is a most unique structure, and is situated on a hill overlooking the Exposition grounds. It is a most unique structure, and is situated on a hill overlooking the Exposition grounds.

At the Missouri building at 2 o'clock this afternoon Flag Day will be celebrated by the Daughters of the American Revolution. Invitations to 1,500 Daughters from all parts of the Louisiana Purchase have been issued for a notable event. The Daughters of the American Revolution will be in the city for the occasion. The Daughters of the American Revolution will be in the city for the occasion.

Mrs. Norman E. Mack, New York Commissioner, will give a luncheon for Mrs. William B. Berri of Brooklyn and Miss Irma Stern of New York to-morrow afternoon in the New York building.

Members of the Travelers' Protective

Association are still enjoying the sights

and scenes of the fair. Five hundred

delegates were on the grounds yesterday

and the T. P. A. building was crowded in

the afternoon with traveling men from all

parts of the country.

In honor of Thomas Downey of the Boston

Globe and president of the American

Newspapers Circulators' Association, now

in residence in St. Louis, the Massachusetts

State Commission will entertain the mem-

bers of the association at the Massachusetts

building to-night from 8 until 11 o'clock.

The guests will number 100 and dancing

will be the amusement of the evening.

Among the arrivals at the State building

yesterday were the following: Michigan,

## FAIR PASSES GOOD FOR BUT ONE WEEK

Admission Cards Must Be Approved at Office of President Francis.

### RULE WILL BE ENFORCED.

Applies Only to Free Tickets Given to Employees on Grounds—Board of Arbitration to Discuss Matter.

A new order relative to the issuance of World's Fair tickets was inaugurated yesterday. The change relates only to the passes given to workmen, which is a general term covering the passes issued to employees of the Exposition, concessionaires, exhibitors and to representatives of State and foreign Governments.

Beginning yesterday, passes for such will be issued directly from the office of the President of the Exposition on requisition from the various chiefs of departments. The object of the new plan is to weed out all passes which are held by persons having no valid right to them and to correct any abuses in the issuance of passes.

The new rule is a direct outcome of the recent controversy between the National Commission and the Exposition management relative to free admissions into the World's Fair and its enforcement will be so rigid that there will be no opportunity for evasion.

Under the new order every employer desiring passes must go to the Exposition office with whose department he does business and present a requisition for the number of passes he desires for his employees, giving the name and occupation of each.

When this requisition has received the approval of the Exposition official it is then to be taken to the office of the President of the Fair, where the passes will be issued and a copy of the names and occupations of the men named for passes, with the date of expiration of the passes, will be filed.

After the approval of the President's representative the next step is to present the requisition to the Chief of the Administration Department, who issues the passes. The passes are good only for a week, and upon the expiration of that time the whole elaborate process must be gone through again.

The Secretary's office, where the requisitions were filed, was a busy spot all day yesterday, scores of men invading the office to have their requisitions approved. Assistant Secretary Ware and Captain Young, chief clerk of the Executive Department, found time for but little else all day.

The imminent approach of the meeting of the Board of Arbitration, which is scheduled for to-morrow, will be the whole question of free admissions into the fair grounds will be thrashed out. It is thought that the Board will be for the inauguration of the new order.

### ARGENTINE NAVAL CADETS VISIT WORLD'S FAIR GROUNDS

Detachment Will Visit Points of Interest Before Returning to the Training Ship at New York.

A detachment of twenty-five officers and cadets, from the Argentine Republic's training ship "Far Niente," now anchored in New York harbor, reached the World's Fair grounds yesterday morning. After a dinner given them at the restaurant pavilion by Jose de Oliveira, Executive Commissioner of the Argentine Republic to the World's Fair, they made a trip through the grounds in automobiles.

The party is in command of Second Commander Zureta of the Argentine Navy. The party is accompanied by Photographers Dubois and Professor of English Demery.

Photographs by Radium. With a piece of rock containing radium in large quantities, R. Whitaker of the Utah Commission photographed key buildings and other objects through the opaque shutter of a photo-lens holder.

World's Fair Notes. The parade grounds of the Philippine Consular are being fenced to prevent visitors from crowding the grounds.

The hospital building for the Philippine Consular will be the building for the Philippine Consular. The building contains fifty beds.

The Commercial building of the Philippine section has been opened, and there are displayed articles manufactured in the islands.

The Hawaiian Indian school, headed by Lawrence, has arrived at the fair yesterday. It will give daily concerts at the Exposition for two weeks.

A room, such as the Chinese use for weaving grass matting, has been established in the Chinese section of the Liberal Arts building.

Two blind twins, 3 years old, and looking for a cure, will be exhibited at the Kansas School for the Blind in the Palace of Education.

"The Music of the American Indian," an interpretation of America's first music, is the subject of lecture-recitals by Mrs. Mary Frances Desnoyers at Festival Hall on Friday afternoon.

The World's Fair Indian Band will play for the Sons of the American Revolution at the Exposition on Wednesday morning, June 15.

Type-setting and printing, done entirely by pupils from the Missouri School for the Deaf, will be seen in the Education building. A consignment of type arrived yesterday morning.

The matter in hand. Also the guard force will be cut down one-half, which will mean discharging forty men.

There are four of the new jails, and they are to be completed during the latter part of July.

"For Goodness sake" use SANTOL TOOTH POWDER.

## CATARH ROBS WOMEN OF HEALTH AND BEAUTY

Pe-ru-na Makes Women Healthy and Beautiful.

Women All Over the United States Praise Pe-ru-na for Diseases Peculiar to Their Sex.

Miss Florence Miller, 423 Alabama St., Buffalo, N. Y., writes:

"I am proud and happy that I am able to praise Peruna as it deserves, for a better medicine I do not know for the ills so many women suffer from and do not know which way to turn for help. If all women who suffer as I did with periodical headache, headache and all worn out feeling would take Peruna, they would soon find that it put new life into the body and took away all the aches and pains and weariness."

"That has been my experience, and I gratefully acknowledge the blessing Peruna has been to me."

MISS FLORENCE MILLER.

Disguised Catarrh. There are a great many people who are actually invalids from chronic catarrh of some internal organ who have not the slightest suspicion that they are victims of this universal disease.

This is especially true in cases of chronic catarrh of the organs in the lower part of the abdomen or pelvic region.

There are a multitude of women, especially housewives, and all other women obliged to be on their feet continually, who are stricken beyond description, simply because of catarrhal discharges.

Peruna is such a specific for such cases that when patients have once used it they can never be induced to quit it until they are permanently cured. It begins to relieve the disagreeable symptoms at once. The backache ceases, the troubling knees are strengthened, the appetite restored, digestion made perfect, the dull headache is stopped and the patients are gradually cured. These results usually follow a course of treatment with Peruna.

We have on file many thousands of testimonials like the one given above. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic and grateful letters of thanks as Dr. Hartman for Peruna.

PIKE SHOWMAN PETITION FOR LATER CLOSING HOUR.

Director of Concessions Gregg Promises to Refer Request to Executive Committee.

Norris B. Gregg, Director of Concessions and Admissions for the World's Fair, was asked yesterday morning by a delegation of Pike showmen to refer to the Executive Committee in yesterday's Republic presented a petition requesting that the shows on that thoroughfare be allowed to remain open until midnight.

Under the rules of the Exposition, the Pike attractions are closed promptly at 11 o'clock.

The committee supported the petition with verbal arguments. Mr. Gregg promised that the matter should be laid before the Executive Committee at the next meeting, which will be held at an early date, but said that he had no power to grant the demand.

It is known that certain of the Exposition officials sympathize with the demand of the concessionaires. It is thought not probable that the Executive Committee may decide to allow the Pike to remain open until midnight or else may compromise by postponing the closing hour to 11:30 o'clock. Saturday night, however, the attractions would continue to close at 11 o'clock.

CIVIC MEETINGS POSTPONED. Students of City Problems Will Assemble at Fair Next Fall.

The joint meeting of the National Municipal League and the American League for Civic Improvement, which was to have been convened in the Town Hall on the Main Street yesterday at 10 o'clock, was postponed by the Joint Committee on Arrangements until fall.

The League of American Municipalities has a convention at that time, and it was thought by the Joint Committee of Arrangements that better results could be obtained by postponing their convention and holding it at the time the Mayors of American cities meet at the World's Fair.

The twenty-seventh annual convention of the Western Gas Association, which was to have been held at 10 o'clock in the Hall of Congress yesterday at 10 o'clock, was postponed by the convention of the Western Gas Association, a Gas Congress will be held at the Exposition on Wednesday.

Ten gas companies, some of them foreign corporations, will participate. The business sessions will be held in the morning and the afternoon will be devoted to sightseeing.

The 250 delegates and their families will be entertained at a lunch at the Tyrolean Alps Thursday afternoon. Thursday night a banquet will be served at Hotel Jefferson.

KENTUCKY PRESS COMING TO-DAY. Many Festivities Planned for Visiting Newspaper Men.

On a special train of Pullmans the members of the Kentucky Press Association will arrive in St. Louis this morning for a visit to the fair and to participate in the Kentucky Day festivities.

In the party which left Louisville at 7 o'clock last night over the Henderson Route are 182 representatives of the Kentucky press. Before leaving Louisville a meeting of the association was held and Louis Landrum of Lancaster was made President of the association.

Representatives of the Inland Type Foundry will make the trip to the Union Station and conduct them through that plant, after which the Women's Magazine will enter the formal opening of the Exposition.

Tomorrow morning the association will proceed in a body to the Kentucky Day exercises, and in the afternoon will visit the Kentucky exhibits in the different buildings. In the evening there is to be a reception at the Kentucky building, and Thursday night they will participate in the reception to be given by the Kentucky Society of St. Louis at the State building.
